# Cheetah Cheers

We would like to give a shout out to the Art Docent Program and the nearly 100 volunteers who give their time and energy to bring art instruction to our elementary school students. We're calling for families to please donate magazines to the box in the front lobby for our next project - collage!

## Holiday Canned Food & Teen Gift Card Drive:

Our amazing Meridian Park Community donated a grand total of 2,813 food items and \$910 in gift cards to families in need this holiday season!! To express our thanks, the MP student body will get to take part in a fun all-school outdoor activity, and hear our very own Meridian Park Admin band play at lunch time! Thank you so much for your generosity and community support, Cheetahs!! One Community, Stronger Together!

# Principal's Letter

Dear Families -

Welcome back for a new year in 2020! Thanks to our families, PTSA, and Student Council for a successful Food and Gift drive in December, with over 2000 food items and \$950 of gift cards collected!

This month we celebrate the life and legacy of Dr. Martin Luther King, Jr. In our classrooms we regularly celebrate the many cultures, talents, gifts, and traditions of our diverse community. You're invited to our assemblies, and we hope you will join us in modeling and promoting respect, kindness, and fairness.

We finish up first semester on January 30 and teachers will prepare progress reports to go home on February 14. Conferences to discuss academic progress are scheduled for March 2 – 6.

Thank you for supporting early release on Wednesdays. We are thoughtful and intentional about utilizing this professional learning time to improve our instructional practices to improve learning experiences for all students. We realize early release impacts families; and we are grateful for your support.

Safety is our #1 priority, and we are committed to every effort to ensure safety each day. As a reminder, entry to the building is allowed through the main entrance only and we require all visitors to sign-in and wear a pass each time you visit. We welcome our frequent volunteers and visitors; but please check-in and wear a pass if only for a few minutes. Thanks.

Thanks for our continued partnership in 2020 and we look forward to seeing you soon.

*David Tadlock, Principal*

## Coming Up

- Grade KG and 1-6 MLK Assemblies, times TBD for January 16 and 17
- We do NOT have early release on January 22 and 29 because these are 4-day weeks.
- First Semester Progress Reports Will Be Sent Home with Students on February 14
- Conferences and 11:45 dismissal March 2 – 6.

## Kindergarten Fall 2020

Kindergarten Fair at the Shoreline Center,  
January 25 at 10 am - Optional

Registration begins February 3 in our main office; families can register at any time through the spring, summer, and fall. While early registration is helpful, registration is NOT first come, first serve; and residents can register at any time. All resident families will be provided a kindergarten seat at MP or another district location.

## Weather related late start or closure

Please check your family weather plan. If late, school starts at 11:05 am; students line up at 11:00 am. If closed, our make-up dates are to be announced. Please check the media or district website for late start or closure announcement. Please limit calls to school to keep our lines and staff free!

## Tadlock Tip

For students and adults alike, I encourage daily exercise routines, especially in January and February. Get out and walk, take bike rides, swim, or keep your commitment to the gym (and take the kids). I walk or run for at least 15 minutes every morning and play golf on Sundays. I get out and play golf in all weather! January & February are important months to be active and model outside and 'screen-free' activities for our kids.

## Counselor's Corner

**Character Trait of the Month:** This month students are learning and practicing the trait of **PERSEVERANCE!**

This is especially important after coming back from a long break when it can be hard to get back into a routine. Students will learn and demonstrate the act of continuing to do something even when it's hard, being persistent and determined, and being okay with mistakes and trying again.

At the end of this month we celebrate students who have been demonstrating this trait in our VIC (Very Important Cheetah) Lunch. Please see the [booklist](#) for great ideas on how to continue the learning at home with trait specific books.

### Flu Season is Here!

Influenza (the flu) is a serious contagious disease that can lead to hospitalization and even death. You have the power to protect yourself and your family this season with these three actions to fight flu.

1. Get a flu vaccine. Everyone 6 months of age and older should get a flu vaccine by the end of October, if possible. A yearly flu vaccine is the first and most important step in protecting against the flu. As long as flu viruses are circulating, it is not too late to get vaccinated!

2. Take everyday actions to stop the spread of germs. Wash your hands often with soap and water, cover your nose and mouth with a tissue when you cough or sneeze. If you become sick, limit your contact with others to keep from infecting them.

3. Take flu antiviral drugs if your doctor prescribes them. If you get the flu, medicine, called antiviral drugs, can be used to treat flu illness. Antiviral drugs can make illness milder and shorten the time you are sick. They may also prevent serious flu complications.

## Attendance Alert:

### Did you know...

That when a child misses 18 or more days of school in a year they are less likely to graduate? As early as elementary school, students who miss just two days per month are more likely to fall behind, and less likely to graduate from high school.

## Kindergarten News

The end of the month (January 31) marks the end of the first semester and the exact midpoint of the school year. It's hard to believe that your child's kindergarten year is almost half over! We still have tons of learning and growth yet to happen this year, however we are also starting to set things up for a smooth transition to 1st grade next year. Families of current kindergarten students in our program do not need to register for 1st grade at their home schools. We will automatically enroll your current kindergarten student for 1st grade at their home school at the end of the school year. Please let us know if your family is moving or will not attend 1st grade at your neighborhood school for any other reason.

Many families have younger siblings who are starting kindergarten next year, please read below for information on registering students for kindergarten in the fall of 2020:

### Kinderfest 2020

*Do you live in Shoreline or Lake Forest Park and have a child who will be 5 years old by August 31, 2020?*

*If so, Kinderfest is the place for you!*

**Saturday, Jan. 25, 2020**

**10am – 12pm**

**Shoreline Center, Shoreline Room  
(18560 1st Ave NE)**

Kinderfest is a great opportunity for families to hear and learn about the programs offered by the Shoreline School District such as: Food Services, Transportation, Nurses, ELL/Special Services, Highly-Capable Program and PTA. Each elementary school in the Shoreline School District will have representatives there to answer questions. Spanish, Amharic, Tigrinya and Korean interpreters will be available.

Limited, no-cost childcare will be available on-site for children over 2 years old who are potty-trained. Please note that food will not be allowed in the childcare room due to possible allergies.

**Kindergarten registration** will begin on **Tuesday, February 4th** at your neighborhood school. Registration is not on a first-come, first-served basis. All students registered by the close of business on February 28th will be put in a drawing to fill

Kindergarten spaces available at their neighborhood schools. Incoming kindergarten students who have a sibling at their neighborhood school will be given priority placement (at their neighborhood school) if registered prior to the close of business on February 28th. Those registering after February 28th will be added to their neighborhood school's wait list as they register.

In order to attend kindergarten in the fall, your child must be five years old by August 31, 2020 and reside in the cities of Shoreline or Lake Forest Park.

For more information on registration please contact your neighborhood school or visit the Enrollment page on our website: [www.shorelineschools.org/enrollment](http://www.shorelineschools.org/enrollment)

If you have additional Kinderfest related questions, please contact Trinitee King at [trinitee.king@shorelineschools.org](mailto:trinitee.king@shorelineschools.org) or 206.393.4365.

## Kindergarten News

**Kindergarten Team:** Our Kindergarten Team is fortunate to have a fabulous group of Paraeducators supporting your children in a variety of ways. The Paraeducators work with students in classrooms, on the playground, in the lunchroom, and during morning arrival and afternoon dismissal. They bring to their work a passion for working with young learners, care and compassion for our students, and a variety of experiences working with children. Ms. Sheryl, Ms. Jane, and Mr. Carlos are just three of the paraeducator members of our team. Here is some information to help you get to know more about them.

### Mr. Carlos

Hello Cheetahs! My name is Carlos Humphrey, some of you know me as Coach Humphrey. This is my first year working at Meridian Park Elementary School. It has

been a joy to work with so many talented and smart kids throughout the day. I have many roles during the day- You may see me helping students cross the street as a Crossing Guard or out on the playground or in the lunch room as a supervisor.

This is my 3rd year working in the Shoreline School District. I grew up in Madill Oklahoma and went on to play college basketball at Missouri Valley College in Marshall, Missouri. After graduating I was able to play professionally in Luxembourg for several years.

I currently coach basketball at Shorecrest High School (Go Scots!) I'm also involved with the Shorecrest feeder basketball and many other organizations in the area. When I'm not at MP or working you can find me relaxing at home with my family.

### Ms. Jane

My name is Jane Seslar aka Ms. Jane,

I start my day as a crossing guard; I "cross" families to and from school every day. I watch over all of our

Meridin Park Cheetahs at recess. I help out in classrooms and in the office. I have been part of the Shoreline since 2009. I have worked in every school in the district, until five years ago when Meridian Park became my permanent home.

I have always enjoyed working with our youth. I have worked in preschools and as my kids grew, I became both

a Boy Scout and Girl Scout leader, serving as District Leadership as well as coaching children in developing their strengths. These experiences came with quite a bit of training, culminating in earning my Woodbadge, a significant level of Boy Scout Adult Leadership.

I was born and raised in Seattle. I went to Bryant Elementary and then Eckstein Middle School. I graduated from Roosevelt High School.

As of this year, my husband and I celebrated 35 years of marriage. We have 3 amazing children. Of those 35 years, we were part of the Air Forces for 26 years.

### Ms. Sheryl

Hello Cheetah Families. I have worked at Meridian Park for the past 25 years. I have had the pleasure of working with the Kindergarten classes all of my 25 years. I work in Ms Greathouse's

class this year and I am with your kids on the playground and in the lunchroom. Some of you might see me out on the corner of 175th & Meridian crossing the kids in the morning, then when school's out, I help get your kids get on the bus for the ride home.

I grew up in Shoreline, went to Paramount Park Elementary (which is now the skateboard and play park on 155th), Morgan Junior High (which is now Kellogg Middle School), and Shorecrest High School. Go Scots! I have two kids that also went to school in Shoreline.

## From the Library

Greetings MP Families,

I cannot believe it is 2020! Yikes... it's exciting to begin a new decade in the MP Library! But before I begin a new decade, year, and month, I'd like to recap Fall 2019. Below you will find a summary of what each grade level did in the library during the months of September, October, November, and December.

**First Grade** – First graders read books about learning to read, such as Rocket Learns to Read and Rocket Writes a Story by Tad Hills, How to Teach a Slug to Read by Susan Pearson, and How to Read a Book by Kate Messner. I also introduced the classes to my dog, Poppy, who is a German Shorthair Pointer full of mischief, sweetness, and love. I shared videos and photos of Poppy. The classes helped me to write stories about her. Then it was the students' turn to write and illustrate their own stories in blank books.

**Second Grade** – Second graders started the year with Beautiful Oops by Barney Saltzberg, a book of accidents that weren't really accidents. Students learned to look at these accidents or mistakes as opportunities to learn and grow. Students turned some "mistakes" into their own beautiful oops. You can see them on the library website under Student Media Projects.

We also completed a unit on *trickster tales*. Students learned what makes a story a trickster tale – characters that trick others for fun, to help themselves, and sometimes to help others. Tricksters are mischievous and clever. Trickster tales come from all over the world. Trickster tales we read include several Anansi stories from West Africa, Jabuti the Tortoise from the Amazon Rain Forest, and Papagayo the Parrot from Central America, Love and Roast Chicken from the Andes Mountains of South America, and My Lucky Day. We completed word sorts with these stories.

**Third Grade** – Third graders started the year by reading The Dot Trilogy by Peter Reynolds, which includes The Dot, Ish, and Sky Color. The big ideas of the books are being creative, expressing ourselves, not trying to be perfect, and making our marks. We finished the unit by making our marks and displaying them in the library. You can see them on the library website under Student Media Projects.

Our second unit was reading a chapter book together: 8 Class Pets + 1 Squirrel ÷ 1 Dog = CHAOS by Vivian Vande Velde. The story follows one squirrel through an elementary school as he tries to avoid capture by the principal's dog.

Mayhem ensues! While reading the book, we learned about characters' actions and cause and effect.

We finished out the first months of the year by researching the different animals that appeared in the book: dog, squirrel, owl, snake, rabbit, box turtle, rat, parrot, gecko, tetras, and hamster. Students chose animals and read nonfiction books to learn about actions, habitats, diets, and adaptations.

**First, Second, and Third Grades** – Throughout the fall, primary grades participated in the Washington Children's Choice Picture Book Award program. Classroom teachers and librarian read many of the 20 nominees to students. We will finish up with the program in late January. Students will vote for their favorite books in order to help choose both the MP and state winners.

**Fourth Grade** – Fourth graders (and students in third-fourth grade classes) started the year with a challenge to build a structure out of gumdrops and toothpicks that would support one or more library books. The purpose of this activity was to build perseverance, working together and problem-solving ways to make the structures work. We read or reviewed the book, The Most Magnificent Thing, by Ashley Spires to remind ourselves that we are capable of facing challenges.

As a class, we read Avalanche Dog Heroes by Elizabeth Rusch, one of the Towner Award nominees, and then researched topics related to the book: avalanches, search and rescue dogs, the Cascade Mountains, and different breeds of dogs.

**Fifth Grade** – Depending upon the class, fifth graders learned more about different genres of literature – fantasy, science fiction, and realistic fiction. Some classes learned about Ada Lovelace, the first computer programmer, and algorithms, and then created their own algorithms for building Lego structures. Other classes completed a robotics unit by programming Ozobots to perform speed, turns, and cool moves.

**Sixth Grade** – Depending upon the class, sixth graders learned about elements of historical fiction and realistic fiction, read short stories and studied the elements of them, and/or learned informational note-taking skills.

**Fourth, Fifth, and Sixth Grades** – Throughout the fall, intermediate grades participated in the Sasquatch Fiction Book Award program and the Towner Nonfiction Book Award program. Students who have read at least two books per program are invited to vote for their favorites in the spring.

During winter and spring of 2020, we will be incorporating Maker Space, robotics, and technology into our library lessons. I cannot wait!

Sincerely,  
Jenny Hillger
